

**EGR 150 INTRODUCTION TO ENGINEERING
QUESTIONS FROM READING ASSIGNMENT #1**

Answer the questions below from the reading “Keys To Success In Engineering Study” and turn them in at your next class meeting.

1. Why do highly qualified student not succeed in engineering study? Do you think you would be sorry if you ended up being one of these students?
2. According to the author, what is success? Do you agree? Why/Why not?
3. Why does the author say goals are so important?
4. Think about..... Just think on these questions. You do not need to write anything.
Think about your current situation. Do you have a clear understand of why you are here right now – why are you in school? What do you see down the road for your life? Why do you want a degree? What do you want to do with it? Do you have a goal like the author was talking about?

Answer the questions below from the internet reading and turn them in at your next class meeting.

1. What are three things that stuck out to you from the internet reading?
2. Do you think the articles apply to college? Explain
3. What is one thing that you want to be better at by the end of this semester?
4. What is your specific goal for the item above (how will you know if you are better) and how will you engage in “deliberate practice.”
